

The Carson Daily Appeal

CARSON CITY:
Tue day, September 9, 1873.

WE respect the sense of shame which comes over a man when he recovers the better senses that he lost in the fumes of an over draught of hard drink; and we can cheerfully forego that severity of treatment which demands that every poor fellow who gets hauled up before a Magistrate to pay the penalty of his spree shall have his name paraded in the papers; and while we here and now suppress the names of the two last d. d.'s upon the Justice's docket in compliance with their request so to do, we are not willing to let this opportunity escape to read one of them a brief and much-needed lesson. The one we refer to is a married man who, if he is ashamed to see his name in the police reports, as he says he is, should also feel ashamed to ever be found again overcome with his swinish potations and sprawling, sound asleep, in the broad glare of day upon the public walk. If this man would keep his name out of disgracing type let him reform his too long indulged habits of self degradation at once and altogether.

THE V. & T. CAR SHOP and Round house—the new structure—will not, it is thought, be fully occupied before next Spring. What the reason for this is, is best known to the Superintendent and Company. We suppose, however, that it is thought hardly worth while to disturb matters at the old shops now that the rainy season is so near at hand. Meantime the engine and heavier machinery of the Machine shop is being put in place under the superintendence of Mr. E. N. Staley (who put up the Mint machinery,) so that when the new shops are needed they can be occupied with but brief delay. The wheel press (a hydraulic machine) will be put in its place forthwith.

HARDWARE, STOVES, ETC.—In the brick building corner of King and Ormsby streets—the building lately occupied by Mr. B. F. Foster, Messrs. Edward D. Judd & Co. are just opening a new stock of goods in the hardware line—everything conceivable connected with that business, in fact. Besides the keeping of the general stock of a hardware and stove merchant, the Messrs. Judd & Co. will carry on the business of tin and copper smithing, tinkering, plumbing, etc., etc. Mr. Judd is a live and experienced man in his line of trade, and means business. See their advertisement.

TO BE WED.—We have received cards of invitation to the wedding of Mr. Allan C. Bragg, a Carson lad, to Miss Esther C. Rhodes of Sacramento. The invitation sets forth that the wedding will take place on Thursday, Sept. 11, at the residence of the bride's father, Mr. John M. Rhodes, Sacramento. Miss Esther is a sister of Mrs. Sam C. Wright of Carson. We are prepared to shed our blessing upon these lovers when they shall have been through the gateway which leads to the largest and surest happiness which two trusting hearts can ever hope for.

OUR widely known and much respected fellow citizen, Mr. Isaac E. James, just from his hardships and explorations in the Colorado desert, returned to Nevada on Sunday and made his appearance here on the morning of that day. He looks weather-beaten but well. He reports the feasibility of flooding an area of desert country embracing 3,000 square miles, more or less. He was much engaged in attending to some matters of importance, so our interview was very brief; and he left for Virginia before we could get from him even an outline of his very interesting survey.

THE BOARD of Town Trustees failed to pass the Cow Ordinance yesterday. This was owing, we understand, to the absence of Mr. Gardner—Mr. Meder preferring not to take the responsibility upon himself, and Mr. Morris, who lives at Empire and modestly chooses to let the Carson members signify their preferences before he takes any decisive action, holding his vote in reserve for the next meeting, Monday the 15th inst., when as nearly everybody whom we heard express any opinion upon the matter, hopes the much needed Ordinance will be passed.

RESIGNED.—Mr. Lewis Doron has resigned his position as Cashier at the Carson Mint. He abandons that underpaid but very responsible place to engage in the stock business, we believe. We have unlimited faith in the permanence of the Mint; but if it stands until the crack of doom it will never count among its officials a more thoroughly honest man than Lew Doron.

U. S. MINT.—The Superintendent of the Carson Mint received, yesterday, eleven thousand four hundred and ninety-four ounces of mixed bullion, gold and silver, sent to the Mint for melting and assaying, 2,600 ounces of which came from Benton, California, the balance, 8,894 ounces, was sent from mines on the Comstock.

RETURNING.—John Booth, late of the Pioche Record, left Eureka on Saturday, for Carson via Austin. He has been prospecting for a favorable place to locate permanently.

WIND STORM.—It is to be doubted if the Desert of Sahara was ever covered with an atmosphere which held more of real estate than the circumambient air of Carson contained for ten or fifteen minutes of yesterday afternoon. There came, all of a sudden, like that worn but still happy craterical illustration, "lightning out of a clear sky," a most tremendous gust of wind—a whirlwind in fact; and all the loose dust and top dirt and lighter accumulations of the streets and yards and alleys went sailing up into space. The sun was darkened, and great clouds of sand were driven about and rattled upon the roofs of buildings and upon beams and creeping things, and peppered and filled with grut the teeth of the just and the unjust. What seemed like the cloudy promise of rain was thus exhausted in a wild whirl of wind; and when the gust subsided nature resumed her fickle smile again and not a straw stirred.

WILSON & EMERY'S STAGES, of which John D. Kersey is the Agent in Carson, now make through connection, at Aurora, to Independence, on Mondays, Wednesdays and Fridays. Any one desiring to visit, on business or for pleasure, Genoa, Aurora, Hot Springs, Independence, Lone Pine, Swansca, Cerro Gordo or Silver Mountain, should consult the new time card of Wilson & Emery's line of stages and its connections. They run a line of Concord coaches, carrying passengers, express and mail. Their new advertisement will be found under the head of "New To-day," in the APPEAL of this morning.

REV. FATHER BUCHARD, the eloquent lecturer, who recently visited Carson, is on a mission tour through the Eastern part of the State. His lectures there, as they were here, are free, except when made servicable in paying off debts of the Catholic Churches that he visits. It will be remembered by our citizens that the proceeds of one of the lectures of the reverend gentleman in this place was applied toward the purchase of the new bell of the Catholic church. He comes not to take away silver and gold, but to aid and instruct. So he says in substance, and seems to practice.

THE new V. & T. engine "Columbus" was trotted out and tested yesterday. She backed up and bitched herself onto a train of eight loaded cars and just walked off with them like a trout with a minnow—and never ceased to pull the same with the greatest ease, all the way to Virginia. She was built at the C. P. shops, Sacramento, and rates with the "Genoa" and "Esmeralda," but has an inch more of diameter in her cylinders than those Baldwin engines. Seven cars is the maximum load for all other engines on this road.

DISTRICT COURT PROCEEDINGS.—Monday, Sept. 8.—Hon. C. N. Harris, Judge. Benjamin Johnson was appointed guardian of Willie C. Johnson, minor. State vs. Burrell, Thompson and Casey; burglary; tried by jury and found guilty; they will be sentenced on Wednesday, Sept. 10. State vs. Burrell and Thompson; burglary; case dismissed as to Thompson, and time for pronouncing judgment on Burrell extended to Wednesday. Court adjourned to Tuesday, Sept. 9, at 10 o'clock a. m.

THERE is too much fast riding on Carson and other streets. One of these times somebody's baby or somebody who used to be a baby, will get hurt. Then will be illustrated the necessity for an Ordinance against such furious urging of horse flesh. Would it not be well to take the needed legal steps to abate this dangerous practice?

THE NEW BELL at the Catholic church will be rung daily at 6 o'clock in the morning, at noon and 6 in the evening. The acoustic arrangements of the bell are not favorable, the bell being located directly under the hollow open cone-shaped steeple, and there being a large open space beneath the bell. These defects will probably soon be remedied.

THE WRITING SCHOOL, taught by Prof. Buck, commenced its term at the school house last evening. Lessons in penmanship will be given on Monday, Tuesday, Wednesday, Thursday and Friday evenings of each week. Six prizes will be awarded to pupils. Private lessons will be given during the day.

HARRIS BROTHERS are receiving a new Fall stock of dry goods at their store on Carson street. The first instalment came yesterday, and will be followed by others each day during the week. Included in the invoice are fifty dozen pairs of ladies, misses and childrens shoes.

THE NEW WATER WORKS, says the Enterprise of Sunday, continue to send along a regular supply of the pure fluid from the Sierras, with no more breaks or leaks anywhere on the line of either pipe or flume.

THE JURY who tried Burrell, Thompson and Casey, yesterday, earnestly and unanimously recommended the lad, Thompson, to the mercy of the Court. We hope the recommendation may be heeded.

MR. THOMAS BEER was upon the streets yesterday afternoon with his handsome and handy spring-wagon—a tremendously commodious thing for an Empire man to indulge in.

AN ITEM on THE LITTLE GIANT is necessarily crowded out as is a narration of facts relating to the Carson River wood-drive and some other things of interest. We were short handed yesterday, and found it needful to reef some of our lighter and more expansive sails. Will set everything afloat and aloft tomorrow.

THE OLYMPIC CLUB held a very merry social last night at Turn-Verein Hall. There was some dancing of the hearty and enjoyable sort, and constellations of bright eyes and much handsome young, Olympic manhood. We acknowledge a complimentary ticket and herewith express our obligations therefor.

BLOODED BULL.—Mr. Israel Crawford has purchased of the Messrs. Saxe their fine young bull "Dictator No. 2," and he (the taurine creature) will arrive here from Reno at 11 o'clock to-day. This beast is of the Durham short-horn breed and was raised in Kentucky. He is eighteen months old and is a perfectly thorough-bred animal.

SOME needed repairs were making yesterday upon the base of the cupola of the Capitol Building. It has leaked vastly, heretofore; and some tinkering and soldering were deemed necessary to make it water tight.

AT THE SABBATH SCHOOL of the Presbyterian Church, on Sunday, (the first since a month's vacation) there were eighty-five scholars in attendance.

BOARD of TOWN TRUSTEES.—This body met yesterday and passed the two ordinances which appear elsewhere. Adjourned to Monday, Sept. 15.

Penmanship.

Prof. J. Buck, of Marysville, Cal., will open a Writing School, at the Public School House in Carson City, Monday evening, September 8, 1873, at 7 1/2 o'clock. Terms: Fifteen lessons (including stationery) \$5. Specimens of Penmanship are on exhibition at various public places in town. Six handsome prizes will be awarded for best Penmanship, improvement, etc. 50-1f
